Professional care when you can't be there

CAT TRANSPORTATION WAIVER AND LIABILITY RELEASE

West Coast Pets cares deeply about the well-being of its feline clients and seeks to provide the best possible care. However, I understand that cats can sometimes be injured or become ill during transportation and that animals, by nature, are unpredictable. Therefore, I have read, understand, and agree to the following:

I understand that WCP will be providing transportation for my cat(s) and agrees to exercise exceptional care of my cat(s) during transport. I knowingly recognize, accept, and assume all known and unknown risks in allowing my cat(s) to be transported. I acknowledge that this release is being relied upon by WCP to permit transportation of my cat(s) to and from a scheduled location, such as a veterinary facility or groomer. I accept any and all conditions and policies set forth associated with the activities and I hereby agree to comply with them. I accept that WCP is not in any way responsible for any injury or illness while under their care. I will not hold WCP liable, financially, or legally, for any physical, mental, or health issues that arise during or as a result of my cat's(s') transport.

Cat bites can be dangerous and require medical attention. Due to the serious nature of bites, we will not place cat(s) in their carriers upon arrival. It is important that the pets in our care trust us. It is our belief that it is less stressful and best for the pet parent to be the one to place cat(s) in the carrier. If the cat(s) are not in a carrier, it puts everyone at a disadvantage and WCP may leave the pickup location without the cat(s). A refund will not be given.

PAYMENT:

50% of the total fee is due at booking. The remainder is due prior to your pet pick up.
